2nd July 2021

Dear Parents/Carers,

RE: RSE CONSULTATION

Thank you again for taking time to read the information, watch the presentations, look through the resources and complete the questionnaires. We have collated all the responses from the SRE parent consultation and we have uploaded a video in response onto the school website. It is in the Parents information section, RSE consultation response. It is password protected as it is for parents only. The password will be sent via Parentsapp.

We are continuing to use the current Growing and Changing scheme until the end of this year. The new Manchester "Imatters" scheme and resources will be used from next September. The "Imatters" scheme was written by Manchester Healthy Schools team and is relevant for our children. "Imatters" is a spiral curriculum where topics are revisited, aimed at the sensitive development of knowledge, understanding and skills as a child progresses through the school. Children will engage with the relationship's aspect of PSHE throughout the year.

As I explain in the recorded response, we have adapted some of the elements as a result of the parent consultation and I have explained what we will teach and what we will not teach. The resources, guides, long term plans and example lessons are on the website in the curriculum, PHSE, RSE Consultation section. Parents will be informed when particular lessons on the developing body will be taught in Year 5 and Year 6, to support with any questions your child may ask at home. If you have any questions at all please make an appointment to discuss them with me further.

Yours sincerely

Anne Conboy
